- TN2T is an Ahu Whenua Maori Lands Trust with over 900 known shareholders & over 6000 total owners & their descendants. Ngati Tahu / Ngati Whaoa descent.
- Grown from an entity with assets totalling approx. $28m in 2007 to in excess of $350m today.
- Major assets – Land at Rotokawa
  - Investment in Rotokawa Steamfield
  - Nga Awa Purua Power Station
  - 5 Dairy Farms
  - Cash Investments
Direct-Use Steam Projects

We have access to steam from wells that are not suitable for commercial production – which can be made available for small to large projects.

Well temperatures of up to 220 degrees C.

Come & talk to us !!
Transmission Pricing Methodology Review

In the original proposal TN2T share of the increased costs was $4.6million.

The latest revision sees this figure reduced to less than $150k.
Mercury NZ

• Acknowledgement of Paul Ware who has now left Mercury to pursue other interests.

• Absolute gentleman & a pleasure to work with.

• Excellent example of how a corporate can work with indigenous people to achieve amazing outcomes.
Farming

- Since 2012 - 5 Farms worth more than $50m
- Milking 3000 cows
- Producing close to 1 million Kgms
Thank you.
